Communiqué 3

GENERAL INFORMATION - REMINDER OF DISPOSITIONS

The confirmation of the riders done on Wednesday 7 is final; nevertheless, Team Managers will have the opportunity to forward modifications to the Secretary of College of Commissaires Mr. Walter YUE until noon the day before each event

Any rider replacement to a confirmed selection may only come from the list of already registered riders.

Only riders who are competing in the upcoming session may use the track during the pre-session warm up time.

The wearing of the rigid safety helmet, done up in a correct manner, is mandatory for riders at all times when riding on the track surface and safety zone.

Riders may not wear headphones attached to devices such as radios, music players, telephone, etc., while riding on the track.

The use of the derny and the use of starting blocks during the official training are not permitted. Standing starts are permitted one rider at a time only in the sprinters lane on the home straight and only with the assistance of someone waving a flag at the exit of the bend.

Riders are reminded that they must wear their respective apparel (national team or UCI Track Team) during the races as well as during award ceremonies. UCI World Cup Leaders, World Champions and National Champions have to wear their jersey in the discipline, specialty, and category in which they hold their title, subject to article 1.3.071 of the UCI regulations.

Riders participating in the awards ceremony must present themselves in due time, bare-headed and without headband or glasses, wearing proper footwear, until after they leave the official ceremony enclosure.

Riders shall ensure that the body number is visible and legible at all times. The body number shall be well fixed and may not be folded or altered. When two numbers are required to be worn, these should be placed low down and on either side of the back. When a single number is required to be worn, this should be placed low down in the center of the back. Body numbers will be distributed during licence control. No transponders will be distributed of this event.

All bicycle measurement checking shall be carried out in the equipment check area before entering the track. Riders must come for bicycle-check in adequate time prior to their start. Checking will also be carried out 15 minutes prior to commencing each stage of the competition. Commissaires are entitled to double check positions after the race. Should the bicycle or position have been modified in contravention of the regulations, the rider may be disqualified.

Riders are reminded that only one exemption is permitted.

Bicycles or other equipment may not be left on the safety zone of the track.

Teams are also reminded that only the coaches of the riders currently on the track are permitted on the safety zone. This is also limited to one coach per rider.

No other people are permitted in this zone.

Any offence not specifically penalized and any unsporting behavior shall be punished by a warning, indicated by a yellow flag, or by disqualification from the race, indicated by a red flag, according to the gravity of the fault. A rider receives only one warning prior to disqualification.

The warning and disqualification are relative to each specific competition only.

If a rider is relegated in a competition, that relegation may also carry with it a warning, depending on the gravity, intent and impact of the fault. A rider receiving a second warning, or being relegate for the third time, is disqualified.

The starters' podium access is only for officials. All others are asked not to use this podium. Access to the awards ceremony podium is forbidden except for official ceremonies.

If a rider is disqualified from one round of a particular event, no rider or team from a previous round of that event will have their ranking advanced.

TECHNICAL INFORMATION - REMINDER OF DISPOSITIONS

General

If riders wearing the same team clothing ride in the same race, they shall bear some item to clearly distinguish between them.

Riders may carry no object on them or on their bicycles that could drop onto the track. The electronic device with a display must be hidden from the rider's sight so that it cannot be read by the rider while riding.

Road bikes are not allowed on the track, including the safety zone.

While riding on the track, riders shall at all time be in firm control of the bicycle and have at least one hand on the handlebar (or extension).

Sprint & 200 meter Time Trial

Riders shall wear both number panels during the 200 meters Time Trial.

In case of a dead heat, the riders concerned will be classified according to the best time in the last 100 metres. In the case that the riders are still tied, the riders concerned will be classified by drawing lots.

Keirin

The competition will be organized according to the tables as shown in article 3.2.135 of the UCI Regulations.

Omnium

Riders shall bear two body numbers in all events in the Omnium competition.

In the case of the Scratch Race, any rider not finishing the race due to a fall, or not being able to return to the track during the final kilometre, will be allocated the next available ranking (and points) considering the number of riders remaining on the track at this moment.

The rider caught up by the main peloton must immediately leave the track and their ranking will be determined by the number of riders remaining on the track at this moment.

In the case of the Points Race, the rider not being able to return to the track will have its place in the last sprint determined in consideration of the number of riders remaining on the track at this moment.

The Flying Lap that is part of the Omnium shall be ridden as if it were a Sprint Qualification, for the purpose of art. 1.3.023. This means that no extension may be added to the steering system.

For the Points Race, Elimination and Scratch Race, riders shall be lined up in single file along the railing and in the sprinters lane in the order listed on the start list. This order shall be based on the current Omnium ranking.

Any rider abandoning any of the events shall be considered to have abandoned the competition and shall be recorded in the final classification after the last placed rider with the provision "DNF" (did not finish).

Other than for the Elimination, any rider being withdrawn from any of the events shall be penalized with a deduction of 40 points.

Elimination

After each sprint the last rider, according to the position of his rear wheel on the finishing line, shall be eliminated. If one or more riders are lapped or abandon the race between sprints, they shall be the riders eliminated in the next sprint.

In certain cases, the commissaires may decide to eliminate a rider other than the last rider in the sprint (for example, if a rider passes on the blue band).

In all cases, the decision on which riders shall be eliminated must be made and announced prior to the riders crossing the pursuit line on the back straight after the elimination sprint. If no decision can be made by this time, then no riders shall be eliminated until the next sprint.

An eliminated rider shall leave the track immediately, failing which he shall be disqualified from the entire Omnium event.

Riders eliminated shall be placed in inverse order according to the time of their elimination (for example, the first

rider eliminated is placed last, the second rider eliminated is placed second last, etc.).

In the case of a recognized mishap by one or more riders, as decided by the President of the Commissaires Panel, the race shall immediately be neutralized for a maximum distance of 5 laps to allow the affected riders to return to the bunch. In the case where all riders on the track suffer a recognized mishap, the race shall be neutralized for a maximum of 3 minutes to allow the affected riders to return to the race.

The neutralization shall be indicated by a yellow flag on the start line and all riders on the track shall ride in a compact group at a moderate speed. No account shall be taken of the position of any riders off the front or back of the bunch at the time of the mishap.

The race shall be restarted by the withdrawal of the yellow flag and the firing of the starter's pistol. Any riders not able to rejoin the race at this point shall be eliminated and their position determined according to the time of their elimination. The bell shall be rung the following lap to indicate the start of a sprint lap.

Except in the case when all riders on the track suffer a recognized mishap, once four or fewer riders remain on the track, no neutralization shall be granted, and any riders not finishing shall be eliminated and their position determined according to the time of their elimination.

In the event of collusion between riders, they shall be disqualified.

Coaches or Managers who instruct or encourage their rider to continue racing following the announcement of their elimination, will be penalized by a fine as per UCI Regulation 12.1.007. Should a Coach or Manager commit a second offence of incorrect behavior, he/she will be fined and will have their accreditation immediately revoked. Subject to the same penalties, no team representative can approach or try to dispute any decision made by Commissaires during the course of the race.

Omnium ranking

A full result shall be produced for the first five events. For these five events only, each winner shall be awarded 40 points, each second place shall be awarded 38 points, each third place shall be awarded 36 points, etc.

Riders ranked 21st and below shall each be awarded 1 point.

Prior to the start of the Points Race, a current ranking with the points totals shall be drawn up, and riders will start the Points Race with these points accrued over the first five events. Riders shall add to, and lose from, their points totals based on laps gained and lost, and points won in sprints, during the Points Race.

The winner of the Omnium shall be the rider who has obtained the highest total of points.

In the event of a tie in the final ranking, the places in the final sprints of the last event, the Points Race, shall break the tie.

Points Race

Final race shall be run over 40 km, 160 laps with 16 sprints (every 10 laps) for Men Elite, over 25 km, 100 laps with 10 sprints (every 10 laps) for Women Elite and Men Junior and over 20km, 80 laps with 8 sprints (every 10 laps) for Women Junior.

In the case of recognized mishap, the rider shall be entitled to neutralization during 5 laps. On returning to the track, he shall resume the position he occupied before the mishap.

A rider suffering a recognized mishap in the last five laps may not return to the track but shall nevertheless appear in the final placing, depending on the laps won or lost and the points accumulated prior to the mishap.

Scratch
