

## Questions about team cars in National Championships (Individual race)

1.

*UCI Rule 2.3.017 "Only one vehicle per team will be permitted to circulate at race level"*

Does this rule imply that the organizer of the race must compulsorily allow team cars in the race convoy?

YES      Articles 2.3.015 to 2.3.024 of the UCI Regulations address following vehicles. No mention of compulsory  
NO      team cars is mentioned for National Championships

2.

Can the organizer not allow team cars to ride in the race convoy ,if the organizer provide neutral service such as neutral cars, motorbikes and a fixed material zone when riders can change material?

YES      For National Championships, the National Federations has the autonomy to  
NO      decide what is best for it race, considering the local area and conditions

3.

Will the participant of this national championship (which will take place on 23<sup>rd</sup> OCT 2022) be granted with UCI points for 2022 or for 2023?

2 0 2 2      Individual Ranking: The ranking system for individual riders works on a 52 week rolling system.  
Points attained in races will be added to the rider total points tally and held for 52 weeks.  
There  
2 0 2 3      the points will automatically expire.

Teams Ranking: If the rider is affiliated to a UCI registered team, the points attained by the rider contribute to the team classification. In this context, points attained after 18/10/2022 will be allocated to the 2023 ranking.
